Complete the section below with the letters to be engraved on your 4"x8" brick. There are 12 character spaces per line and three lines per brick. Bricks will be arranged alphabetically in the class sections. Only the graduating class will be placed in the class section. All other classes are closed.

Complete the section below for your 8"x8" granite paver. Pavers hold 14 character spaces on each of six lines. Pavers are placed in neither the Class Sections nor the Black Knights Section, rather, they border the patio areas. Limit your inscription to only one character, letter, number, space or punctuation mark per space. Leave a space between names and before and after "&". Limit one name per brick (except for husband and wife). Minor changes may be required to conform to engraver limitations and standardization procedures. Lines will be centered on the brick. Put information for additional bricks on a separate piece of paper.
